

LOST JIMMY GLASS IS REPORTED FOUND IN GAINESVILLE, GA.

Boy Is Taken From Band of
Gypsies and His Alleged
Father Is Also Held.

Mrs. Charles Glass, mother of the missing Jimmy Glass of Jersey City, N. J., for whom a worldwide search has been made, received word today from J. H. Reynolds, a real estate dealer of Gainesville, Ga., that a boy answering "Jimmy's" description has been found and taken by him from a band of gypsies and that his alleged father had been paroled in his custody.

"Although my hopes have been shattered eight times in the last two weeks, I believe my boy has been found at last," said Mrs. Glass at her home at Llanau Place, Jersey City, today. "The description sent me by Mr. Reynolds tallies in detail with the description of my missing boy. The outer rim of Jimmy's right ear was slightly flat and this same thing is found on the right ear of the boy taken from the gypsy camp."

According to information received by Mrs. Glass, the lad was taken from a band of gypsies by a court order obtained by Mr. Reynolds after he talked with the boy and realized his description tallied with that of the Glass boy.

According to the police of Gainesville, the gypsies admit they were camping in Pennsylvania in May of last year. Jimmy Glass suddenly disappeared May 12, while visiting relatives in Greeley, Pa.

Mrs. Glass says she also received word from Mr. Reynolds that a collection was taken up to defray any expense incurred in obtaining a court order retaining custody of the boy.

"If this were another false clue, I do not think any one would put up money to see the thing through," said Jimmy's mother.

Besides \$3,000 spent by the police of Jersey City, more than \$10,000 has been expended by the parents of the missing boy. A reward of \$500 has been offered for his return. Mrs. Glass expects a picture of the boy in Gainesville some time tomorrow and if she believes the lad to be her son, she will go there.

Partial View of Immense "Bull" Durham Factories at Durham, N. C.

The Purity of "Bull" Durham Is Proven Absolutely by Government Statistics!

Herewith we print a facsimile of a letter from Hon. W. H. Osborn, Commissioner of Internal Revenue, written in the routine of his official duty in answer to a letter from the manufacturer.

The Government officials find in the "Bull" Durham factory nothing but the bright, golden leaves of Carolina and Virginia tobaccos—the tobaccos that have made American cigarettes the most popular smokes in the world.

In Durham—and indeed, throughout practically all of North Carolina and the adjoining counties of Virginia—nearly every man is interested in tobacco, the great staple crop of the community. In the towns where the tobacco warehouses are located; on the farms, in the banks, in the stores—everywhere—these men who grow the tobacco, who take it to market, who buy it and sell it, and are made prosperous by the business of handling the money received from the crop—everywhere, these men know that the sweetest, mellowest, choicest leaf is bought for
